

This leaflet has been produced by Belfast Protect Life Implementation Group, a strategic partnership established to address the objectives of the Protect Life 2 Strategy. It contains information on suicide prevention and support services available across the city of Belfast which are funded by the Public Health Agency. *

This leaflet is produced alongside promotional video clips of each organisation which provide additional information on the types of supports that are on offer. To access any of these video clips just scan the QR Code that is beside each organisation and that will take you directly through to the relevant website. Alternatively, just follow the website links provided.

* There are also a range of other organisations that can support you on your wellbeing journey. You can access further information and resources at:
