	Specialist community intervention with a multi disciplinary approach is positive. It needs support from within the workplace.

31. Do you agree with the outcomes listed in this section?
Yes/No <u>Yes</u>
Comments:
8.41 Inpatient and Residential Rehabilitation Provision
32. Do you agree with the commissioning priorities as laid out in this section?
Yes/No
Comments:
33. Do you agree with the Service Aims and Role and Functions outlined in this section?
Yes/No <u>Yes</u>
Comments: Dual diagnosis is included as part functions of in service provision, It needs to be built in as part of mainstream mental health responses to addiction needs.

34. Do you agree with the outcomes listed in this section?

Yes/No <u>Yes</u>			
Comments:			

SECTION THREE: CAPACITY

9.1 Service User and Family Involvement

36. Do you agree with the commissioning priorities as laid out in this section? Yes/No yes Comments: Positive proposals on user involvement. They need resourcing and genuine support from professionals. Good to recognise that support from families is needed and their potential role in supporting treatment. 37. Do you agree with the Service Aims and Role and Functions outlined in this section? Yes/No<u>yes</u> Comments: 38. Do you agree with the outcomes listed in this section Yes/No Yes Comments:

9.7 Workforce Development

The workforce development commissioning priorities are designed to ensure that those working in the field of alcohol and drugs as commissioned by PHS/HSCB are competent and confident to deliver all aspects of this work commensurate with their role and function.

39. Do you agree with the commissioning priorities as laid out in this section?

Yes/No <u>Yes</u>
