WORKING AND LEARNING TOGETHER

RISE NI (Regional Integrated Support for Education NI) supports children in schools by working closely with parents and school staff to help children develop the foundation skills for learning.

RISE NI is an early intervention service.

Our aim is to help children enjoy, achieve and learn to the best of their ability in school.

What areas do we mainly focus on?

In RISE NI, we work with children to promote:

- social, emotional and behavioural development;
- speech, language and communication development;
- sensory – motor development (the process of receiving messages from our senses and producing a response) and visual – perceptual development (the ability to make sense of what we see).

Who are we?

The RISE NI service may include the following staff:

- behaviour therapists and specialists;
- clinical and associate psychologists;
- occupational therapists;
- physiotherapists;
- speech and language therapists;
- dietitians;
- therapy assistants and support workers;
- clerical officers.

What support does RISE NI provide?

RISE NI will provide support as required to meet children's needs.

Universal support

General training, advice and strategies to school staff and parents to enhance and enrich the development of all children.

Targeted support

Targeted advice, consultation, strategies, training, class based and small group programmes.

Specialist support

Assessment for children with persistent needs who have not responded positively to strategies and support already used in school.
